THE DESIGN PROCESS, PROJECT OUTCOMES AND LESSONS LEARNED

Come tour the first LEED™ Certified building at California Lutheran University; the Swenson Center for Social and Behavioral Sciences. A panel of team members will discuss, in detail, the project goals, design solutions and the process of obtaining LEED™ Silver Certification and financial incentives from Savings By Design.

The event will begin with an opportunity to network with friends and colleagues at 4 PM.

Building tours start at 4:30 PM and the program starts at 5:30 PM.

ABOUT OUR PRESENTER:

Presenters will include members of the project team from California Lutheran University, the Architects, Engineers and Savings by Design

RSVP to Marci at info@aiavc.org or 805.746-9692. Thank you.
